

### **sonntex®**

sonntex® wicker made from high-grade synthetic fibers is developed especially for outdoor use. These fibers combine the advantages of natural materials with the excellent properties of the latest developments in synthetic fabrics: The pleasant-to-the-touch woven material has a warm appearance and natural charm just like raffia, wickerwork or similar natural materials. Yet at the same time is weatherproof, extremely strong and durable as well as very easy to clean.

sonntex® covering is made from durable, superior quality sling fabric. The textured, light and airy material is ideal for outdoor use. It can withstand even the worst weather and is not affected by temperature fluctuations. The material is UV-resistant, water-repellent, fast-drying and mold-resistant.
